LEADING THE RAILWAY

ONE PARTNER FOR ALL YOUR NEEDS

For over 75 years, we have been contributing to the development of sustainable mobility, offering integrated services for the design, construction, maintenance, renewal, and electrification of railway and urban transportation infrastructure.

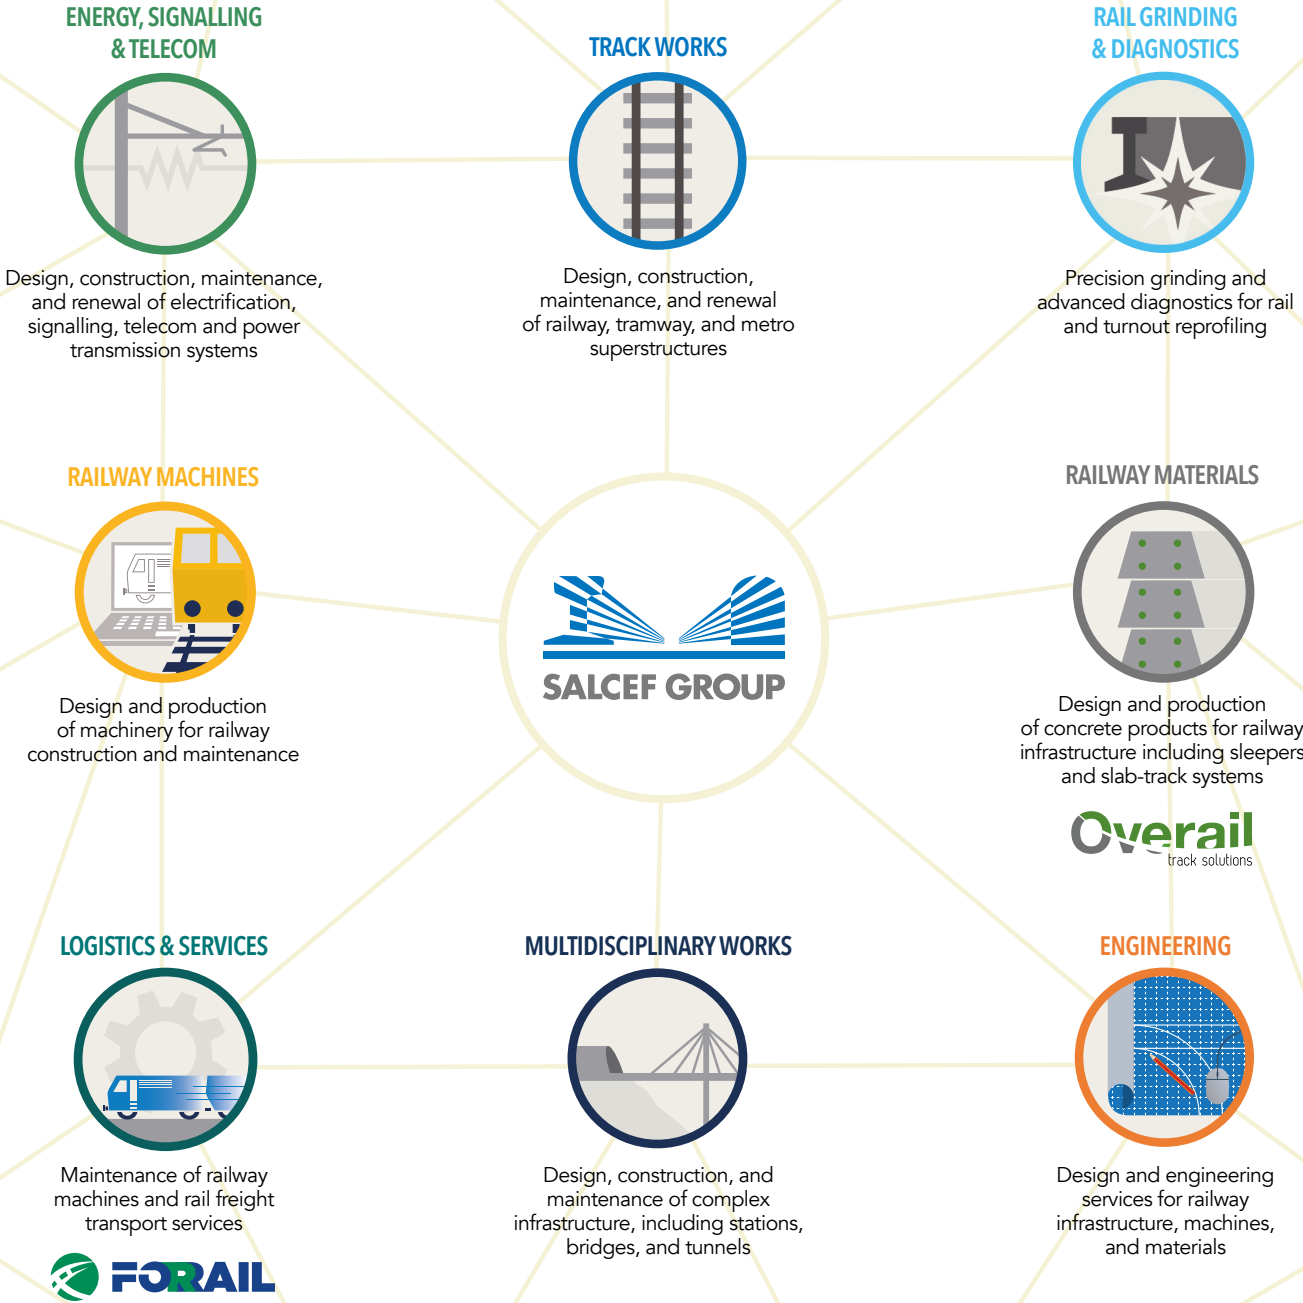

With a presence in Italy, Germany, the United States, the MENA region and Australia, we operate globally, also supported by a network of commercial branches in nine countries.

- > 10,000 km of railways renewed
- > 2,800 km of railways built
- > 500 km of high-speed lines built
- > 1,600 km of overhead contact lines renewed
- > 18,000,000 sleepers produced
- > 1,400 railway machines in our fleet
- > 2,300 employees
